SCHOOL SPONSORED BY
BAPTIST GROUP

RESSES, TEACHERS LISTED

Of Religious Education To
Meet Each Friday Night At
Local Baptist Church

White Lick Baptist Association
has arranged a school of religious
education to meet at the Green-
castle Baptist Church on Friday
evenings from October 10 to November
15.

The school will open promptly at
7:30 p. m. each Friday evening. Its
program for each session will consist
of a forty-minute lesson period
followed by a fifteen-minute period
for discussion, in which stories of favor-
able events will be featured. The pro-
gram will close at 9:15 each time.
Each lesson period students will
be given a choice of three or four classes.
Course and teachers will be as follows:

The Teaching of Younger Children
(up to 2 years old)—Mrs. Ray
Baer. Mrs. Trembley, a well-
known GreenCastle teacher, has had
many years of experience and training
with children and the teaching
of the Bible. She holds the Interna-
tional Teacher's certificate.

Young People's Work—Rev.
William Grepp of Coatesville.
He is a young man whose appeal
to young people is instantaneous. He
is to become a medical missionar-

The Life of Jesus—Wm. H.
H. of the English department
at DePauw, has had experience
in teaching adults and religion.

The Administrator's Round Table
will meet the last 3 evenings
of the month. Glenn Skelton, assistant prin-
cipal of GreenCastle High School, Mr.
Strom was a very popular teacher
of the School of Religion last year.

Rev. William Grepp of Coatesville
will be in charge of the music
program. He is experienced in such

old Storm, of the Bethel
Church near Fillmore, is dean of the
school again this year and has
a large number of arrangements. David
Strom of GreenCastle will act as reg-
istrar.

The school is primarily aimed at
training of Sunday School teach-
ers, young people's workers, and
other people who may become
workers and workers. But the course
will be profitable to any who
attend. There is no registration fee.

Although the school is sponsored by
the Baptist group, it is in no way
denominational in its teaching. Peo-
ple of other denominations are in-
vited freely to participate in the
school, both for enjoyment and
learning.

The school is held in a different
community each year. It met at
the last season. Mr. Strom re-
marks that the average attendance
last year was 43. The interest in the
school was so great that a somewhat
larger attendance is expected this
year.

Genie Packer May Inherit Millions

ETTY, BLONDE IS BELIEVED
DAUGHTER OF DECEASED
MULTIMILLIONAIRE

LOS ANGELES, Oct. 9.—(UP)—
Fay Bales, blonde and pretty
girl of the skinless weenie pack-
age, continued at that task today
as lawyers sought to prove she
was the daughter of a \$5,000,000 estate.
They said that the 35-year-old
house worker, who her
department friends say is "the
best in the business," actually is the
daughter of the late Michael Francis
Dea, a multimillionaire.

Her assertion is true, she will
be the closest of 400 "relatives" who
will claim for the estate after
Dea died three years ago in an un-
expected hotel room.

He had been known as a bachelor
for 50 years he dealt in Los An-
geles real estate, but Miss Bales said
that he was her father. Her mother
was Mary Crane, an actress. She
was born in California, she said.

Superior Judge Ruben S. Schmidt
reduced the number of claimants
to 74 when he received an anonym-
ous letter from a "close friend" of
Dea's who said the little million-
aire, shortly before his death had
told him in finding his daughter.
He supplied the anonymous infor-
mation to conduct the search.

Bulletin

PANAMA CITY (via telephone to
New York), Oct. 9.—(UP)—A coup
d'etat has occurred in Panama, it
was disclosed today, and President
Arnolfo Arias was reported to have
fled to Cuba.

It was reported that the coup oc-
curred without violence or bloodshed.
Arias was said to have fled from
Panama by airplane Tuesday.

Panama was declared out of
bounds to American troops in the
Canal Zone and all American forces
were prohibited from entering the
country.

Mrs. G. Baerg Called By Death

WIFE OF DEPAUW FACULTY
MEMBER DIES IN INDIAN-
APOLIS HOSPITAL

Mrs. Annette Baerg, wife of Dr.
Gerhard Baerg, died Thursday morn-
ing in the Methodist hospital at In-
dianapolis, where she had been criti-
cally ill for the past several weeks.

Mrs. Baerg came to GreenCastle
with her husband, who is a professor
in the language department of De-
Pauw University in 1931, and during
the past years has made many close
friends in the community. Mrs.
Baerg was born and reared in Mid-
dletown, Conn.

NEW BOOK ON INDIANA WOMEN RECEIVED IN CITY

Copies of "Women of Indiana," a
comprehensive directory of promi-
nent Indiana women, have been re-
ceived in GreenCastle and the book is
unusual in that it deals only with In-
diana women and is quite interesting.
As a newspaper and library refer-
ence, it will fill a long-felt want, as it
has pictures and important data on
the lives and work of the subjects.
Three GreenCastle women are repre-
sented in the picture section, Mrs.
LaFayette LeVan Porter, Mrs.
Clara Sharp Jones and Mrs.
Francis C. Tilden. Other GreenCastle
women are mentioned in connection
with their activities in club and other
work of the women of Indiana. The
volume is published by the Woman's
Biography Association, and is dedi-
cated to the large group of Indiana
women who have pioneered and car-
ried forward the advancement and
development of the state of Indiana.

CIRCUIT COURT NOTES

The Union Trust Company of In-
dianapolis has qualified as executor
of the will of the late Wilhelmina
Sarah Lank. Dunbar & Dunbar are
attorneys.

James R. Cozzy of Roachdale,
was, this forenoon, granted a di-
vorce from Frances Imogene Cozzy,
to whom he was married June 11,
this year, and from whom he was
separated July 24. He was repre-
sented by Rex A. Boyd. The court's
order granting the divorce made it
effective upon the payment by the
plaintiff of the fee of Beecher
Young, of Crawfordsville, attorney
for the defendant wife.

The court sustained a motion
made by Attorneys James & Allee,
and Gillen & Lyon, that the attor-
neys for the plaintiff in the suit of
Ralph Croushore et al against Theo-
dore Crawley, as administrator, be
required to show their authority to
represent Phillip Croushore in the
suit. These attorneys are the firm of
Hodson, Lucas & Hillis, of Kokomo.

In their motion, the attorneys for
Mr. Crawley said: "We believe, and
have reason to believe, that the
plaintiff, Phillip Croushore, has never
authorized any action or prosecu-
tion to bring this action and prosecu-
te the same; that said belief is
based upon reliable information that
he whereabouts of said Phillip Crou-
shore for many years last past has
not been and is now unknown." The
court sustained this motion and set
Nov. 19 as the trial date.

Elks Announce Varied Program

SPLENDID ENTERTAINMENT TO
BE PROVIDED DURING
PRESENT MONTH

The announcement of a varied pro-
gram for the balance of the month of
October is made by the GreenCastle
Elk's Lodge today. Entertainment
for young and old will be provided.

Sons and daughters of members to-
gether with their guests will attend
a dance on Friday evening, October
17th, from 8:30 to 11:30 o'clock. The
GreenCastle High School Band under
the direction of Gene Pennington will
play for the dance.

The stag dinner arranged for Oct-
ober 22nd will be anticipated with
much interest. The speaker will be
Don Smith, well known writer and
lecturer, whose book, "Peculiarities
of the Presidents," attracted consid-
erable attention. The book was
unique and revealed traits of our
presidents which were learned after
considerable research. The book was
deemed of such interest by Walter
Winchell that he devoted his entire
column to a repetition of some of the
high lights brought out by Mr. Smith.

The fall social season for the mem-
bers and their wives will be on
Hallowe'en, the evening of October
31st. The club rooms will be de-
corated to carry out this motif and,
according to Ross Azbell, chairman
of the social committee, the amuse-
ment will be in keeping with the gen-
eral atmosphere and will provide fun
for all attending. A well known band
will be engaged.

GROGER HAS ACCIDENT

Louis Flint, well known local gro-
cer, was confined to his bed today as
result of an accident Wednesday af-
ternoon.

According to reports, Mr. Flint
was butchering at the Flint farm,
north of the city, when he slipped.
He was unable to get up after the
fall and it was believed that he had
suffered a severely strained leg
muscle. First reports stated that he
had sustained a broken leg but this
was said not to be the case.

Walter Ballard, GreenCastle, re-
turned to his home Thursday from
the Putnam county hospital.

PUTNAM MEN IN 38TH DIVISION AWAIT RETURN TO SHELBY AFTER WAR GAMES

SOMEWHERE IN LOUISIANA
with Putnam County men—The 38th
"Cyclone" Division has retired from
the battlefield of the largest maneu-
vers in the army's history, and has
bivouked (encamped) in the southern
part of the state.

We are awaiting the final phase of
the "war games," after which comes
home—Camp Shelby.

Without a doubt, the most im-
pressive part of the maneuvers to the
individual soldier was the action of
the air forces. We saw hundreds of
bombing, reconnaissance, interceptor,
and pursuit ships in battle. Their
speed is almost unbelievable! Near-
ly every one got to see the front-line
dog fights, the hawk-like attacks on
tanks, the precision and cold-blooded
bombing (without the explosives) of
truck columns, supply dumps, mun-
ition centers, the murderous fire-
power directed on the marching
troops.

A total of 1,000 airplanes took
part. We say that the air display
had its effect on the men and officers
alike, and that it was very reassur-

PROSECUTOR BECOMES NEW MEMBER OF ROTARY CLUB

Rexell Boyd, prosecuting attorney,
was inducted into the GreenCastle
Rotary Club at the weekly luncheon
on Wednesday.

Musical entertainment was provid-
ed by Professor Wilbur Chandler,
who this term joined the faculty of
the school of music, DePauw Uni-
versity. Professor Chandler sang sev-
eral numbers with the accompani-
ment of Miss Marcia Hamilton.

Guests of the club were Robert
Crouch, secretary of alumni affairs,
and Mr. Small, assistant field execu-
tive of the Boy Scouts of America.

Helen Morgan Dies, Noted Blues Singer

SAD-VOICED FIGURE OF PRO-
HIBITION ERA DIES AT
CHICAGO

CHICAGO, Oct. 9.—(UP)—The en-
tertainment world mourned today
the death of another tinsel heroine
of the prohibition era, sad-voiced
Helen Morgan who rode to fame on
a grand piano.

The singer of teary songs died last
night in a small room in Henrotin
Hospital, about the size of the cozy
little speakeasies where she began
the career that brought her interna-
tional triumphs. At her bedside were
her mother, Mrs. Lulu Morgan of
High Falls, N. Y., her husband,
Lloyd Johnson, Los Angeles automo-
bile salesman, and several intimate
friends.

She had been in a coma since
Sept. 30. Three days earlier she had
undergone an operation for the liver
and kidney ailments that plagued
her intermittently throughout her
23-year career, which began in Chi-
cago shortly after she arrived from
Danville, Ill., at the age of 18.

She lapsed into unconsciousness
three days after the operation and
failed to revive, despite 13 blood
transfusions.

Her husband revealed today that
she had received more than 3,000
messages of cheer during her last
illness. They were from the most
famous names in the show world,
from admirers of her singing and
beauty, from the people in the Dan-
ville corn country where she was
born and reared.

SOVIET LOCKED WITH NAZIS IN GRIM STRUGGLE

GHASTLY CASUALTIES REPORT-
ED SUFFERED BY GERMANS
IN MOSCOW DRIVE

REDS ADMIT NAZI GAINS

Soviet Planes Operating In German
Rear Inflict Heavy Losses In
Men And Materials

MOSCOW, Oct. 9.—(UP)—A Rus-
sian war communique admitted to-
day that the Germans, hurling in
new divisions constantly, were gain-
ing in their gigantic offensive
against Moscow but said they were
being fought stubbornly and were
suffering ghastly casualties.

Fighting continued throughout the
night in the Vyazma and Bryansk
directions on the central front and
in the Melitopol direction on the sea
of Azov coast in the far north, and
was ferocious at all points, the com-
munique said.

Red planes were operating in close
support of the ground forces, de-
stroying many tanks, armored cars
and artillery and raking infantry
with machine gun fire as well as
bombing supply columns, roads,
bridges and railroads in the German
rear.

It was reported that at one point
in the Ukraine, Russian forces stop-
ped the Germans and inflicted heavy
losses.

In the day's first communique
Russia had admitted that its forces
had been compelled to evacuate Orel,
210 miles south of Moscow on the
Kharkov railroad and that the Ger-
mans were driving with the fury of
desperation toward Moscow from the
Vyazma area only 130 miles to the
west-southwest.

The loss of Orel, half way point on
the Kharkov railroad to Moscow, was
acknowledged to be a serious threat
to a great industrial area.

The Germans had also thrust into
the Russian lines at many points
from the Vyazma direction.

The day's first communique, which
mentioned heavy fighting in the
Vyazma-Bryansk area and admitted
the loss of Orel, said there was stub-
born fighting in the direction of Mel-
itopol on the sea of Azov, a tacit ad-
mission of German advances in the
far north.

(Moscow radio, heard by the Uni-
ted Press London listening post, quot-
ed the official communist party
newspaper Pravda, that the evacua-
tion of Orel created a serious danger
to important industrial centers and
it was necessary not to underesti-
mate the gravity of the situation. It
called on the people to obey Josef
Stalin's injunction to put all work
on a war basis.

"It is imperative to cease being
complacent," Pravda said. "This
does not mean of course that one
has to get in a panic. The Soviet
people have to bear in mind, the ex-
ample of the miraculous heroism of
the fighters of Leningrad and Odessa
and do everything possible to repulse
the enemy. The Soviet people must
understand it is a question of life or
death for the Soviet Union."

In capturing Orel, the Germans
brought a town of 100,000 people,
on the Oka river, a junction for three
railroads in the heart of Russia.

BERLIN, Oct. 9.—(UP)—A special
high command communique as-
ward schools as it has been done
three Russian armies in the vicinity
of Vyazma, 130 miles west south-
west of Moscow, was imminent and
the Russians had thrown their last
available forces into battle there.

Nazi press chief Otto Dietrich, at
a special press conference held while
the communique was being broadcast
on the radio with trumpet fanfare,
asserted that Russia's military de-
struction had been "completed."

"Russia as a military power is fin-
ished," he said.

The special high command com-
munique, issued from Adolf Hitler's
headquarters, said that with the
three additional armies facing an-
ihilation, in addition to those al-
ready reported encircled in the
Vyazma area, Marshal Semyon
Timoshenko, commanding the Rus-
sian central forces, had sacrificed his
last forces still capable of fighting.

War Flashes

BERLIN, Oct. 9.—(UP)—A Nazi
source today announced that Germa-
ny and Turkey have signed a new
economic pact at Ankara.

WASHINGTON, Oct. 9.—(UP)—
Belief was expressed in informed
quarters today that Germany may be
using long-range submarines a few
hundred miles off the Atlantic sea-
board to "spot" Britain-bound con-
voys which later are attacked on the
other side.

MOSCOW, Oct. 9.—(UP)—Special
dispatches from the front asserted
today that a German attack on
Vyazma, 130 miles west southwest of
Moscow had been defeated and that
the Germans had been stopped in
their attempt to drive toward Mos-
cow from Orel on the Kharkov-Mos-
cow railroad.

Nazi Spies Get Copy Of Letter

GERMAN ESPIONAGE CON-
CERNS WHITE HOUSE MES-
SAGE TO JOSEF STALIN

WASHINGTON, Oct. 9.—(UP)—
Officials were concerned today about
the way Germany obtained a person-
al communication from President
Roosevelt to Josef Stalin, the Soviet
premier.

They wondered whether a spy story
with the dramatic potentialities of
a movie thriller lay behind the pub-
lication of the letter by DNE, the of-
ficial German news agency.

A version of the letter was first
made public in Berlin yesterday.
Late in the day, the White House re-
leased the letter that had been sent
to Stalin, and said the German ver-
sion was altered from the original
to achieve "propaganda objectives."

The two versions were nearly the
same in basic content and there
seemed no doubt that the Germans
had obtained an almost exact copy of
the President's letter.

It was learned here that the let-
ter was transmitted through regular
channels of diplomatic communica-
tions from the White House to the
American embassy at Moscow where
Averell Harriman, head of the Uni-
ted States mission to the Russian
supply conference, received it for de-
livery to Stalin.

Somewhere between Washington
and Moscow, or in either of those pla-
ces, the German espionage system
apparently obtained a copy of the
letter.

White House officials were obvi-
ously concerned but confined com-
ment to a brief statement and a copy
of the actual letter, which differed
from the German version principally
in the salutation and the complimen-
tary close.

CZECHS EXECUTED

BERLIN, Oct. 9.—(UP)—The of-
ficial German news agency DNE re-
ported today in a dispatch from
Prague that nine more Czechs had
been sentenced to death, bringing the
total for the past 24 hours to 23.

Fourteen persons were reported
sentenced and executed at Prague
yesterday. The nine sentenced today
have not yet been executed, DNE
said.

CLASSES STARTED

The first four classes under the
Engineering Science Management
Defense Training Program opened at
the GreenCastle high school last
night. All these courses are taught
on college academic level by teach-

the students. Exceptional demand
has warranted the immediate estab-

courses it is felt that additional

CONGRESSMEN SENT MESSAGE ON NEUTRALITY

PRESIDENT REQUESTS AMEND-
MENT TO EXISTING NEU-
TRALITY MEASURE

WOULD ARM ALL VESSELS

Final House Action On Neutrality
Amendment Is Scheduled One
Week From Today

WASHINGTON, Oct. 9.—(UP)—
President Roosevelt sends to Con-
gress today a message requesting
amendment of the Neutrality Act to
be followed within minutes of intro-
duction of legislation to permit the
arming of American merchant ves-
sels against axis raiders.

Final House action on that amend-
ment is scheduled for one week from
today or tomorrow. The amending
legislation later may be expanded to
enable our armed ships to enter bel-
ligerent ports including those of
Great Britain in all out reinforcement
of the empire life line.

Minority isolationists have organ-
ized to oppose today's Neutrality Act
amendment which they characterize
variously as a war measure and a
declaration of war. But congression-
al leaders have assured Mr. Roosevelt
that they have the votes to put guns
on the ships. There may be votes to
abolish combat zones and permit
American merchant vessels to enter
belligerent ports, as well, but the
administration is believed to be look-
ing first for a sure thing issue which
arming ships appears to be.

A whooping majority would have
important political and diplomatic
significance in counter acting the
effect of the House vote of last Aug-
ust which sustained the administra-
tion by a bare 203-202 on the ques-
tion of extending the service period
of the citizen army.

First action on neutrality is sched-
uled in the House where Chairman
Sol Bloom, D., N. Y., of the Foreign
Affairs Committee is ready with two
amendment drafts. One would re-
peal section six of the act which pro-
hibits the arming of merchant ships.
The other would repeal sections six
and two, the latter of which author-
izes establishment of combat zones
and forbids our merchant vessels to
enter ports so designated.

Mr. Roosevelt, Bloom, Secretary of
State Cordell Hull and others want
to scrap all such restrictive legisla-
tion. But most of them appeared to
be convinced that time might be lost
by linking the two propositions be-
cause abolition of combat zones is
considered a considerably weaker
proposal in terms of votes than the
arming of ships.

Japan Warns War Likely To Spread

CRITICIZE "WILLFUL, ARRO-
GANT ACTIONS" OF U. S. IN
RECENT MONTHS

TOKYO, Oct. 9.—(UP)—Japanese
spokesmen and newspapers today
criticized the "willful, arrogant" ac-
tions of the United States and warn-
ed that the war "is likely to spread
to other regions" of the world at
any moment.

Entry of the United States into
the war, a spokesman said, would
"bring ruin" to civilization and might
even involve America in a deadlock.
The new warning of possible war
moves in the Pacific came as Pre-
mier Prince Fumimaro Konoye went
to the palace to report to Emperor
Hirohito on the general state of af-
fairs.

In a nation-wide radio broadcast,
commander Shinichi Kondo, chief of
the first section of the cabinet infor-
mation board, said that "because of
developments in the past few months
war is likely to spread to other re-
gions at any moment."

hearts . . . think of your tired feet, th rain of bombs, the endless scurrying back and forward, hiding by day, marching by night. Have you had enough? Think of camp . . . a good dinner . . . a bath . . . rest. SUR-RENDER WHILE THERE IS STILL TIME!"

Propaganda doesn't have much effect on U. S. soldiers, evidently. We didn't get a deserter!

One of the most curious of nicknames we've heard is the one attached to Private Warren D. Harris of Hammond, Indiana. His pals in the 151st Infantry Regiment call him: "Matchboxsky."

In the tightest, most-tangled bit of brush in the middle of one of Louisiana's loneliest pine forests, a soldier reports that he found carved on a tree the letter "V." He said he was sure the person who carved it meant it for the V-for-victory campaign underway in Europe, since it was fresh bark underneath and obviously done recently.

How it got there, he didn't venture

to say. We reminded him that a large part of the southern Louisiana population is directly descended from the French, and suggested it might have been put there by a DeGaulle sympathizer.

VONCASTLE

Final Tonight — "BLONDIE IN SOCIETY"

DePauw Chapel

Professor O. H. Smith, head of the Department of Physics at DePauw University, described his summer trip to Alaska before the Chapel Thursday morning.

Mr. and Mrs. Smith went by boat from Seattle up the beautiful island passage. On the journey to Alaska they saw their first glaciers and snow covered mountains. Many people, he said, asked him if they drove over the International Highway to Fairbanks. Since the highway has not as yet been surveyed or for that matter a route chosen, the most feasible and comfortable route to Alaska is by boat from Seattle.

Alaska itself, according to Dr. Smith, is a very beautiful, flower-covered country. Its temperate climate is due, not to location, but to various mountainous formations and to warm ocean streams. The Alaskan interior has a very light snow and rainfall. However, in the winter what moisture there is freezes quickly until spring when it thaws slowly allowing the plant life to utilize it. Alaskan subsail is completely frozen. A few feet under there is perennial and prehistoric frost.

Dr. Smith said that although he had hoped to see the aurora borealis clearly and watch the new positions of familiar stars, it was so light at midnight that one could read in the house without a lamp. He told of many interesting oddities. For instance, a ferry that runs itself. It is run by a tilted board mechanism which propels the ferry. The passenger tilts the board and the ferry crosses the stream guided by a cable. The next passenger coming back simply tilts the board the other way and the current does the rest.

Then there are the tumultuous Alaskan streams so filled with silt that even the best swimmer if fully dressed would be weighted down by his silt-filled clothes in a few minutes. And there is the Columbian Glacier under which the boats stop to blow their low-pitched whistles. The vibration from the whistles dislodges ice from the glacier. His boat was lucky, Dr. Smith commented, since its whistle dislodged a two hundred foot sliver of ice which crashed into the sea. This is an unusually large piece.

NOTICE FARMERS: I have only 2 No. 9 New Idea spreaders left for sale at old price, next will be \$15.00 up. You know the New Idea spreader will last 25 years. Ask your neighbor. They have satisfied the farmer for 30 or 40 years without a change in design, wood bed, you can repair them. Walter S. Campbell, 1-2 mile north town. 9-11-21.

Several were out to hear Rev. Fred Wintle Sunday. Mr. and Mrs. Earnest Shonkwiler spent Sunday with his mother Mrs. Violet Shonkwiler. Mr. and Mrs. Carl Berry of Indianapolis spent the week end with her parents Mr. and Mrs. Ezra Newgent. Mr. and Mrs. Eldon Staggs spent

Sunday with Mr. and Mrs. Falconbury near Barnard.

The Ladies Aid met at the home of Mr. and Mrs. John V. Thursday with twenty present. Mrs. Ella Chadd, Mrs. Margaret, Mrs. Eula Staggs, Mrs. Pelfrey and little son attended Friday Sewing Circle Club home of Mrs. Elsie Fox Friday.

Mrs. Harry Dickey, M. and Mrs. Clarence Dickey daughter Roberta of Ledman on Mrs. Violet Shonkwiler evening. Mr. and Mrs. Claud Newgent Sunday, October 5. Minnie Brattain, Max Newgent, Fred Brattain and others of their birthdays. Others were Arthur Brattain, Mr. and Mrs. Marion Brattain, daughters of Russellville, Mrs. Hobert Brattain and of Indianapolis and Dale Newgent.

Rev. Fred Wintle at Sunday with Mr. and Mrs. Clark Miller Sunday with Mr. and Mrs. Miller. Mrs. Ella Alexander is spending days with her sister Mrs. Abner Siglar. George Paris, Mr. and Mrs. Jarvis called on Mr. and Mrs. Cecil Chadd Friday night.

Mrs. Mildred Staggs spent day with her father and Thomas White and son Gilbert. Mr. and Mrs. Bill Chadd and children of Greencastle, Mr. James Burton and daughter, Mrs. Bob Moore and daughter, Indianapolis spent Sunday with Mrs. Cecil Chadd. Mr. and Mrs. Raymond Brattain on to the farm of Mrs. Best Friday.
